## SENTIER *BALSAM HOLLOW* TRAIL

The Balsam Hollow trail begins as L.M. Montgomery's own Lover's Lane. A series of interpretive signs help explain the inspiration Montgomery drew from the natural world in Cavendish. The trail is a 1 km (0.6 miles) loop and takes approximately 30 minutes to complete. The trail surface is smooth gravel and with several boardwalk bridges, some slopes and steps. It is an easy walk with benches and rest areas.

Please respect trees and their surroundings. Writing on trees, carving into them or peeling their bark can damage or kill them. Please leave plants in the forest where both wildlife and others may benefit from their growing there.

Suivez le chemin des amoureux (Lover's Lane) de Lucy Maud Montgomery pour vous rendre au point de départ du sentier Balsam Hollow (sentier des sapins baumiers). Les panneaux d'interprétation vous aideront à mieux saisir le décor naturel dont s'est inspirée Montgomery. Il faut compter environ 30 minutes pour parcourir ce sentier en boucle de 1 km (0,6 mi), agrémenté de bancs et d'aires de repos. C'est une promenade agréable sur une surface en gravier fin, qui comporte plusieurs trottoirs de bois, quelques pentes et des marches.

Veuillez respecter les arbres et la végétation qui les entoure. Graver son nom sur les arbres, les entailler ou en arracher l'écorce les endommage et les fait parfois mourir. Ne cueillez pas de plantes dans la forêt; elles sont utiles à la nature et agréables à regarder.
